Subjects We Love to Teach

Every lesson is crafted to spark curiosity and build real confidence.

English

Reading, writing, phonics and storytelling — building a love of language from the very first word.

Arabic

Fluency, grammar and cultural connection — perfect for Arab girls abroad reconnecting with their heritage language.

Mathematics

Numbers, patterns and problem-solving made fun — turning maths into an exciting adventure.

Science

Exploring the world through questions and discovery — because every girl is a natural scientist.

For Arab families living abroad

Arabic for Girls Growing Up Abroad

Living in the USA, UK, or anywhere outside the Arab world doesn't mean losing the language. Our Arabic lessons are specially designed for girls who speak little or no Arabic — helping them reconnect with their roots, culture, and family.

✓

Beginners welcome

No Arabic at all? No problem. We start from the very basics with patience and encouragement.

✓

Heritage connection

Lessons weave in culture, stories, and traditions so Arabic feels like home, not homework.

✓

Speak with family

Help your daughter talk to grandparents, cousins, and family back home with confidence.

✓

Flexible scheduling

Lessons fit around school and life in the USA, UK, Canada, Australia, and beyond.

What Parents Are Saying

★ ★ ★ ★ ★

"My daughter looks forward to every lesson. She's gone from shy to confidently reading aloud in just two months!"

Rania M.
Amman, Jordan

★ ★ ★ ★ ★

"We live in London and my daughter barely spoke Arabic. Now she calls her grandma in Cairo every week and they actually have a conversation!"

Sara K.
London, UK

★ ★ ★ ★ ★

"Such a caring, patient teacher. My daughter says it's her favourite part of the week — I couldn't ask for more."

Layla H.
Houston, USA
